Florian Müller

Work experience

Web Developer Intern - Shopify

Since 05/2020. 8 Months. Remote.

`React` `TypeScript` `GraphQL` `Redux`

- Developed **client-side logic** of the new Online Store Editor, enabling over 1 million merchants to easily customize their online store using drag-and-drop.
- **Architectured error handling foundation**, allowing common client-side errors to be resolved automatically without user impact.

Co-Founder, CTO - Clearcall

Since 04/2019. https://clearcall.com

`React` `TypeScript` `GraphQL` `Redux` `Next.js`

- Created a **phone-based customer support solution** for e-commerce companies, allowing them to replace their voicemail with an interactive voice assistant.
- **Designed, architectured and implemented UI and full client-side logic of the product**, which is now used in production by eonon.com to handle more than 1000 customer calls per month.
- **Won the Pioneer tournament** and joined the Pioneer accelerator program.

Full Stack Developer Intern - Accenture Technology

04/2019 - 09/2019. 6 Months. Munich, Germany.

`Angular` `Ionic` `React Native` `TypeScript` `Node.js` `Firebase`

- Implemented **UI components, client-side logic and REST API** for multiple web and mobile apps.
- **Introduced Angular unit testing foundation**, increasing the test coverage from 0% to 75%.

Projects

The Infinite Story - Mobile game

Since 09/2019. https://infinitestory.app

`React Native` `TypeScript` `Next.js`

- **Designed, architectured and implemented UI and client-side logic** of a mobile text adventure game, whose story is generated by an AI.
- Over **250.000 games** have been played by over **10.000 monthly active users.**

Dcode - Shopify App

Since 10/2018. https://apps.shopify.com/discount-in-cart

`React` `TypeScript` `Node.js` `DevOps`

- **Designed, architectured and implemented full client-side and server-side** of a discount validation app for online stores powered by Shopify.
- The app is installed on **over 2.300 online stores** and handles over **180 million requests per month.**

Community

Lead - Google Developer Student Club

Since 08/2020. Munich, Germany. https://dscmunich.de

- **Co-founded a community for students interested in tech** in September 2019 and took over the lead role in August 2020.
- Organized monthly talks and workshops and **grew the community to over 350 members.**

Web Developer Lead - Adademy Consult e.V.

04/2017 - 10/2019. Munich, Germany.

- Academy Consult is a business and technology consultancy run by students in Munich.
- **Led a team of four web developers,** designed and implemented websites and internal mobile app.
